BASS2LEAD

10 SWING OR ROCK DUETS DESIGNED TO DEVELOP YOUNG BASS AND LEAD TROMBONISTS

*REVISED 2021

BASS2LEAD

These 10 duets are designed to develop the skill set for aspiring lead or bass trombonists who want to improve how they play in a big band setting. Aspects of articulation, stylistic phrasing and strong rhythmic independence will be enhanced if the student listens to the demonstration duet recording and then works carefully with the 'minus one' recording for their particular part. It's great for tuning and developing a secure internal pulse - essential elements for good big band players.

I really hope you have fun with these.

These duets are **free to download as a pdf** from my website at rogerschmidli.com

Print them off as much as you like and tell your colleagues about them. I'd also love to hear any feedback through the contact section of the webpage.

Enjoy!
